Go workshop in Berlin

Hello, I'm Cho Seok-bin. I taught Go in Europe between 2005 to 2008, and then I moved to Nagoya, Japan. In 2013, I took over a Go club and Go school and since then, six of my students have become professional Go players in Japan. I would like to invite you to my Go workshop in Berlin, Germany! At the work shop, we will help you refine your playing skills and competitive mindset through a mix of lectures, teaching games, and game reviews. I hope you'll join us!
